Personnel Survey Update Sought

MATTAPOISETT SELECTMEN'S MEETING
MARCH 22, 1988-by VIRGINIA MORGAN

The Board of Selectmen and Personnel Board members agreed last Tuesday that the Personnel Study report announced last year is now in need of updating and revision.

Personnel Board Chairman Alan Hudson said the board wanted a sense of what the Selectmen want done regarding the survey done by Yarger Associates of Falls Church, Virginia at a cost of $5,000. He asked whether the salary plan is outdated, needs revision, or what? He also asked if the Selectmen would support the board if they wanted to get another survey done. Selectmen said yes, but finally agreed to seek having the survey updated.

Personnel Board member Ridgeway Crouch said, "Would you believe the ink was hardly dry on the survey when some department heads questioned the salary scales and not being able to hire people within the hiring schedule. How can we run departments and the town with people we need and stay within the price range we can afford? How do we attract and how do we keep people with the constraints we have?"

He admitted there are increases built into the survey plan over the next three years - the length of the plan.

Selectmen Chairman John N. DeCosta recommended a review of what we've got and look over certain jobs for any discrepancies. He asked the Personnel Board to get the cost of an updated survey and report to the Selectmen. "Certain jobs don't need increases", Chairman DeCosta said. "Some are paid well and if you increase their salaries you will put those out of proportion."

Selectman William F. Hubbard said the survey plan is a good one, but now we've outgrown it. "What with the cost of living, salaries are not high enough for town employees. I suggest an increase a little at a time now plus the cost of living to bring salaries up."

Selectman Frank M. Suzan said, "We could lose some of our employees if salaries aren't increased. With our town accountant, once she gets experience, we will lose her if the salary isn't increased." Selectman Suzan suggested a survey be made of workers' salaries such as truck drivers and accountants in private business versus town employees' salaries. "This information could be an eye opener."

Mr. Hudson responded, saying, "It's hard to find an accountant in private employment whose duties are similar to a town accountant." He remarked that the survey found the same job title isn't necessarily the same job duties in different towns. "We have to be careful about increases as the perceived adjustment may not be fair to all employees. Any action we take now before town meeting will be considered 'knee-jerk' action."

Stephen J. Lombard, Planning Board member, said, "If we had the survey done in good conscience and, if four or five employees' adjustments were done wrong, I'd feel the whole plan was wrong. If we start picking certain jobs we might as well throw the survey out the window. What it boils down to is what does the employee mean to you."

Selectman Hubbard said, "We've got a bargain with the help we have and we don't want to lose them. If the employees know the Personnel Board is trying to find an answer, they

In other business, Selectmen:

MET WITH Paul M. Kelley, Jr., Fire Alarm Superintendent, and Leonard Bourgeois, a representative of the New England Telephone Company, to discuss the double telephone poles remaining in town and the telephone lines needed to be raised to allow Brownell Boats to travel the town streets.

Superintendent Kelley requested that there be no double poles in town and that the 104 poles remaining be removed as soon as possible. Mr. Kelley said to Mr. Bourgeois that the Telephone Company hired a private contractor in Fairhaven to do this job and feels the same can be done in Mattapoisett.

The representative said the same contractor has been hired to remove the poles in Mattapoisett and has done the preliminary work. He promised to have the work completed by June 1st. Selectmen agreed to receive a report on the company's progress on pole removal by May 1st.

On another matter, Mr. Kelley and Mr. Bourgeois discussed the raising of telephone lines on the streets the Brownell Boat Company needs to move boats from its yard on Park Street to the wharf.

Mr. Bourgeois informed Selectmen he had spoken to a representative of Brownell who told him the minimum height that boats could be moved under is 17 feet, but that the company preferred 18 feet. Mr. Bourgeois said the corner of Route 6 and Main Street could not be raised over 17 feet because of the way in which the state-controlled lights are hanging. He said the boatyard spokes-

person is concerned about getting the boats out by April 1.

He promised to raise the lines as high as possible by that date but that the telephone company couldn't do anything about the state's lights. The only options with the state lights is to move the arm holding the light to the opposite corner. If the state raises its light we can raise our lines, Mr. Bourgeois said.

Mr. Kelley said the line outside the boatyard on Park Street is only 16 feet 10 inches, which is too low. Mr. Bourgeois agreed to meet Mr. Kelley the next day (Wednesday) at the Park Street site to try to get this line higher. Mr. Kelley reported all the necessary cable television lines have been raised.

are vying for the Selectmen's office.

For the first time in many years, incumbent Highway Surveyor Manuel R. Nunes, Jr., 9 Acushnet Road is being opposed for the office he has held for 50 years. Running in opposition for the Highway Surveyor's three-year term is Wesley N. Bowman of 64 North Street.

The third office with opposition is Board of Health for a three-year term. Incumbent Michael E. Michaud, 7 Crooked Bay Path is being opposed by John C. Bowman, 8 Chapel Road.

The fourth office with opposition is the five-year term on the Mattapoisett Housing Authority. Both are newcomers to the office. Eleanor J. Contant, 3 Maplewood Street is being opposed by James Joaquim, 14 Brandt Beach Avenue.

Also seeking a one-year term on the Mattapoisett Housing Authority is Marlene R. O'Neill, 25 Beacon Street, who is seeking to fill the slot vacated by the resignation of James A. Santos. Mrs. O'Neill was appointed by the Board of Selectmen to fill the unexpired term until the annual election. Mrs. O'Neill is unopposed.

No one filed papers for the office of Planning Board for a five-year term. Peter B. Perkins is not seeking reelection to the post he has held for many years. There are, however, two persons who have indicated they will seek the Planning Board post with stickers. They are Barry J. Denham, 129 Fairhaven Road, and Chris Jaskolka, 23 Tinkham Lane.

All other offices are unopposed.

The members had a craft program with Mrs. Claire Geggatt of Fairview Farms Herbs and Crafts, teaching them how to make candle holders. A by-laws committee was chosen to revise the by-laws. Refreshments were served.

The next meeting will be held on April 12th in the Rochester Woman's Clubhouse and the ladies will make May Baskets for the shut-ins of Rochester. This is an annual project and the baskets are filled and given to all shut-ins in the town of Rochester.

A representative of Collette Tours will show a short visual program on Nova Scotia. The club is planning a trip to Nova Scotia in September.

Mattapoisett Growth Management

On March 17th the Mattapoisett Growth Management Committee met at Village Court. Several town residents were present. Chairman Peter Kortright and Vice Chairman Randall Kunz requested reports from the sub-committee chairmen as to current work progress.

Martha Peterson, Open Spaces and Wetlands, reported that she is investigating the possibility of Mattapoisett joining with Fairhaven to have several areas of wetlands declared Areas of Critical Environmental Concern (A.C.E.C.) by the State. This would insure protection and less developmental impact on areas such as Shaw's Cove and Brandt Beach.

Dan Osprey, Public Facilities, reported that his committee has identified all town roads slated for future developments. His committee is now studying the historical background of development in Mattapoisett and its effect on existing town resources and services. By understanding the patterns of past development, future development patterns and plans can be properly evaluated. What future demands will be made on the town infrastructure is the common concern of the Growth Management Committee. To invest in the future, we must understand the past so that future cost projections will accurately reflect the needs and demands for town services.

Robert Coquillette, Historic District, reported that his committee

has completed its research tasks and is ready to write a preliminary report concerning the establishment of a Historical District in the village area. This report will then be forwarded to the Massachusetts Historical Commission for approval. Strict guidelines exist for time-tables and procedures in processing and approving this report.

Wayne Walega, Commercial and Industrial, stated that his committee needs further input from business-men and landowners in order to identify areas of concern.

The whole steering committee felt that the Industrial Park is under-utilized and that the town should make every attempt to attract clean industries to generate future tax revenue. Houses alone cannot be the sole tax base for a growing town. Mike Dahill and Dan Osprey offered valuable suggestions as to how this could be accomplished.

June Mendell, Housing, reported that her committee has completed its objectives. Mattapoisett has entered a Housing Partnership and has applied for a grant to imple-

All subcommittee chairmen stressed the need for help from town residents. The chairmen need additional expertise to complete their projects and they will be approaching residents for offers of participation on their committees. The subcommittee meetings are always posted forty-eight hours in advance at Town Hall. Please be a concerned citizen and contact these people and offer your services. This is our town.

The next meeting of the Growth Committee will be held at Village Court on Thursday, April 7th, at 7:30 p.m.

As always, the public is cordially invited to attend and participate. See you there?

of LAUGHTER: Raising levels of confidence, self-esteem, performance and perspective". She will explain how laughter reduces stress, tension and anxiety, thus improving mental performance, self-image, relationships as well as one's general outlook on life. She'll demonstrate -- inviting us all to join in -- the physical aspects and salutory effects of laughter. This will be followed by information and scientific data that link mirth and laughter to a healthy personality, high-functioning immune system and mental/physical performance in line with one's true abilities. Best of all, Dr. Motherway will offer suggestions for using humor and laughter to improve teacher-parent-child relationships, to diffuse tension in difficult situations and to increase joy and ease in living.

Susan Motherway, Ph.D is a teacher, psychologist, philosopher and performer who likes to share the idea that work and play, mirth and accomplishment go hand in hand, at best. She is a recent resident of the Boston area, where she has come "to roost" after twenty years of study, research and teaching in St. Louis, New York City, Connecticut, France and Italy.

She earned five graduate degrees in the human sciences, has taught on primary, secondary and college levels, working with folks from fourteen months to eighty-odd years of age. She currently teaches adults at the Cambridge and Boston Centers for Adult Education, at Interface (Watertown, near Boston) and at the Brown University Learning Community.

Embroiderer's Guild

SEA SPRAY CHAPTER

The Sea Spray Chapter of the Embroiderer's Guild of America, Inc. will have their monthly meeting on Monday, April 4th, at 9:30 a.m. in the Millicent Library of Fairhaven. Joan Petrakas will teach Greek Embroidery. Bring your lunch; tea and coffee available. Guests are welcome.

She will refer to the work of Dr. Elisabeth Kubler-Ross, M.D., with whom she studied, as well as Bernie Seigel, M.D., author of the recent hit, "Love, Medicine and Miracles". A talk on "The Healing Power of Laughter" would not be complete without mention of Norman Cousins, author of "Anatomy of an Illness", in which he describes his recovery from an incurable terminal illness through, in part, the use of laughter.

Fund Raisers for Tobey Hospital

Mattapoisett residents have formed a committee to raise funds for Tobey Hospital's Capital Campaign. The $4.8 million construction and renovation project will expand the emergency/radiology wing and add a dedicated geriatric care unit and an intermediate care unit. Each year, 22,000 area and summer residents use Tobey's emergency room -- the only one in southeastern Massachusetts staffed full-time by physicians who are Board-Certified in Emergency Medicine. DANIEL MAHONEY

FROM CANDIDATE FOR SELECTMAN
TOWN OF MATTAPOISETT
DANIEL O. MAHONEY

I am one of two candidates running for the office of Selectman in the Town of Mattapoisett. Let me tell you something about myself that might help you make a choice on Tuesday, April 5.

I was born and raised in Mattapoisett, spending 27 years of my early life here. My current interest in the office probably goes back to those years when my father, Robert Mahoney, held various public offices, including Selectman. I was educated at Mattapoisett Center

School, Fairhaven High School, Williams College and Harvard College.

I have been engaged in the practice of law from my offices in Boston for over 30 years dealing with state and local government issues. I have been actively involved in matters of state law and regulations as they affect cities and towns of the Commonwealth, and as they are limited by the Home Rule Amendment. I believe that home rule for towns should not be diluted.

In recent years I have returned to Mattapoisett, first as a summer resident and then as a permanent resident. I have retained my long-held interest in town affairs, and currently serve on the Zoning Board of Appeals. I am at a stage of my life when I am reducing my professional activity, which will enable me to devote time and attention to the important interests of the town as a Selectman.

The success of the town in directing its growth and retaining its unique character depends upon the ability and knowledge of people in town government. Independence from political commitments and working solely for the best interests of

the town are required.

From first-hand experience as a lawyer, past president of the Massachusetts Bar Association and as a member of the Ward Commission, I have come to know the inner workings of state executive and legislative offices. I believe that I can make a substantial contribution to the town as a Selectman. If elected, I will bring to the office my knowledge and experience in state and local government.

People who know me know of my independent interest in protecting the future of the town and they feel I will make a good Selectman. If you are concerned with the future of Mattapoisett, please vote for me on Tuesday, April 5.

may specify its own criteria for the scholarship.

MMR Tri-Town "Dollars for Scholars" was established in 1983 by community volunteers. The organization is run by a Board of Trustees and is a chartered affiliate of the Citizens' Scholarship Foundation of America. Since 1983 MMR has awarded over $70,000 to more than 100 qualified students. To be eligible to apply a candidate must reside in Marion, Mattapoisett or Rochester. Awards are made to high school seniors regardless of high school attended, students already in college, and re-entry students.

All donations benefit the Scholarship Program. Because of the continued support of tri-town residents and businesses MMR has been able to help defray the high cost of further education for area residents.

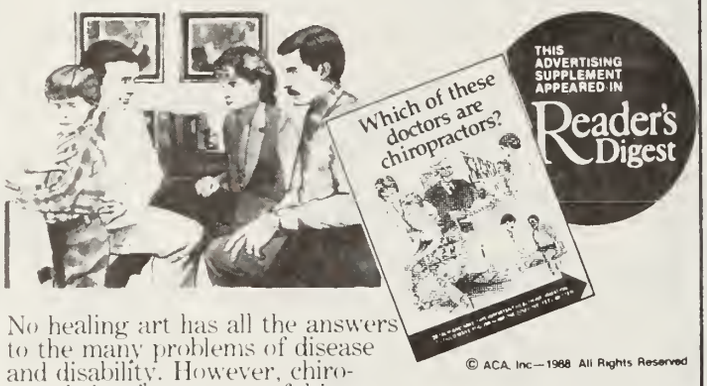
Can Chiropractic Treatment Help You?



No healing art has all the answers to the many problems of disease and disability. However, chiropractic has been successful in many cases where medical treatment has failed. That's why the use of chiropractic is growing. Chiropractic is now the second largest health-care profession in America. Chiropractic does not utilize potentially dangerous drugs or surgery.
If you or anyone in your family has a health problem, it's worthwhile to learn more about the benefits of chiropractic treatment.

PARENTS-AN IMPORTANT PART OF A CHILD'S SCHOOL SUCCESS

Last in a series of programs for parents entitled "What Did You Do in School Today?" is a presentation by Sara Pheeney that will focus on ways that parents can best help their children in school. Supporting Your Child's School Experience will offer suggestions for helping your children without "doing it for them". A panel of local school staff will be on hand to answer more specific questions parents may have. The presentation is scheduled for Thursday, April 14th, in the Sippican School library and will begin at 7:30 p.m.

Mattapoisett Yacht Club

KICK-OFF DINNER HELD

The Mattapoisett Yacht Club started its 1988 season with a Kick-Off Dinner at Gaetano's recently. More than 60 members and friends gathered to reminisce about last season, and plan for the coming one.

Commodore Dave Jenney welcomed the group and described some of the proposals for this summer's activities, and explained the need for co-chairmen for the various events.

The next event will be a family dinner like last year's, held either Saturday or Sunday of Memorial Day weekend, depending on availability of the caterer and a hall large enough for the likely numbers.

Under a Special Permit issued to Marilyn A. Almeida, d/b/a Village Cleaners, it was conditioned that any proposed future occupant of the premises make an application should there occur a change in use or occupancy of the accessory use. The business has been sold to Donald and Marion Cannon of 9 Pinehurst Avenue, Mattapoisett.

The Appeals Board found the use involved is in harmony with the general purpose and intent of the Zoning By-Law and will not be detrimental to the established and future character of the neighborhood and town.

Conditions include: there will be no change in the existing business use and no change in the business ownership or occupancy without a new Special Permit; off-street parking shall be provided for all customers; one sign of not more than nine square feet be permitted with illumination of not more than one 60 watt bulb; no parking within five feet of Route 6 and parking shall be designed to prevent the necessity of any vehicle backing onto Route 6.

The second application for a Special Permit was granted to Alf.

H. and Doris A. Wilhelmsen, 25 Nimitz Street, North Dartmouth for construction of a one-family dwelling on an undersized lot, and as a petition for a new variance from the current setback requirements. No one appeared at the public hearing in opposition.

The lot in question was originally set out as part of the Bayberry Park subdivision in March 1973. It was one of five lots in which special permits were issued by this Board for the construction of one-family dwellings on the then five undersized lots. The applicants acquired the lot after the original special permit has lapsed, therefore, the Board treated the application as a new special permit.

These were delivered on the trays on Monday, March 21st, to herald the arrival of Spring. Each girl prepared a rainbow and a card. The recipients thank the girls for their thoughtfulness and the touch of beauty.

School Improvement Council

AT SIPPICAN ELEMENTARY

The Public School Improvement Act enacted in 1985 helped establish the School Improvement Fund, providing grants to Massachusetts schools willing to establish a School Improvement Council. The Sippican Elementary School Improvement Council members remind the Marion community of the purpose of the School Improvement Fund - to expand community understanding and involvement in the schools - and invited interested community members to their meetings. The council includes one community representative, three Sippican School teachers, three

WE GOT LUCKY . . . . . .

At this time last year, the #1 selling camera in our store was the MG, made by Konica. Late last year the camera was discontinued (to our dismay) and new models came along at higher prices. Well, to make a long story short, our factory rep located exactly SEVEN and we grabbed them. If you like an auto-everything camera, compact size, very sharp 35mm pictures and LAST YEAR'S PRICE, better hurry. Oh. by the way, all seven of these have the DATA BACKS to let you imprint the date or time right on the print. We'll give you that at NO CHARGE (a $30.00 option). Just $149.00 while they last. There will be no more.

AN OPEN LETTER

from William O. Hall to the Residents of Marion, Mattapoisett and Rochester.

It has been my pleasure to be involved with the real estate financing needs of the residents of our area for several years.

During this period of time many of you, my friends and neighbors, have dealt with me for your real estate financing needs. For others, the mortgage appointment was the first time we met. In either case, I hope that you were pleased with the quality of service and professionalism provided.

Starting in April, I will no longer be running the In Home Mortgage application service, but will be associated with the Re-Max Realty Office in Mattapoisett. I will be specializing in the sales and rentals of Mattapoisett, Marion and Rochester residential properties.

The office telephone at Re-Max is 758-6991. Anyone wishing to sell, purchase or lease a property may contact me at this number.

Thank you,
BILL HALL

to their school community's needs. The council applies to the Department of Education and receives money from the state fund, the amount dependent on the number of students enrolled the previous school year. Funding decisions of the council are approved by the school committee. At the end of the school year, the council files a report on the use of funds with the Commissioner of Education. The council members are to consider the long range implications of their funding decisions, although funds are granted for the current school year and can not be carried over from one year to another.

In its first year, the Sippican School Improvement Council purchased equipment for enrichment. Last year, the school community enjoyed programs in social studies, science, and the arts. A teacher survey this year is helping council members with future planning. Money from the school fund may not be used for operating costs, supplies, utilities, building and equipment maintenance, existing staff, salaries and wages, or to supplant current school costs.

A computer for use in the Computer Room and an electric typewriter and binding machine for use in the Writing Project were purchased in 1986. Last year a living history unit included class visits to Long Plain Museum and Sturbridge Museum. Bird study with Manomet Bird Observatory staff continued an outside courtyard improvement project begun the previous year, and an Artists-in-Residence program introduced students to opera, with workshops and a final performance including student works, for parents and community members.

The council continues to support "courtyard science" this year with the purchase of bird seed. Current plans are to purchase a projection television to expand media presentations, and to sponsor an author-in-residence program in late spring. Local author Lynne Hoopes has reported on her experiences with author residency programs and is working with council members. Local citizens interested in knowing more about the direction of education in their elementary school may call the Sippican Elementary School office for the date of the next scheduled meeting of the School Improvement Council.

Topics will include glass history; stylistic developments such as Japonisme and the studio movement; fundamentals of connoisseurship; techniques of glassmaking; and glass conservation.

Cost of the course is $45. for members and $50 for the general public. Registration will be limited to twelve students, so advance registration is suggested. To enroll, please call Mrs. Demers at 994-0115.

The New Bedford Glass Museum is located at 50 North Second Street in New Bedford's waterfront historic district. Parking is available.

VOLUNTEER OPPORTUNITIES AT MUSEUM

The New Bedford Glass Museum is seeking volunteers for its spring and summer operations.

Volunteers gain training and work experience in either of their selected work areas; Museum store sales, gallery guides, or curatorial/clerical. Persons interested in volunteer positions should enjoy working with the public, and be available for one 3½ hour shift per week, flexible for vacations and other personal requirements.

The Glass Museum volunteer staff consists of other 60 community individuals who make Museum services available to tourists, students, and the general public. Volunteers also receive special discounts in the Museum's gift shop.

Alexander Toradze; April 9th

Russian-emigre pianist ALEXANDER TORADZE will captivate his Zeiterion audience with his performance of selections from the works of Haydn, Beethoven, Franck, Prokofiev and Ravel on Saturday, April 9th, at 8:00 p.m. This is the final concert of the 1987-1988 Greater New Bedford Concert Series sponsored by AT&T. Tickets are priced at $16.00, $13.00 and $10.00 with a $2.00 discount for senior citizens and students. For more information on tickets and group packages call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations.

Alexander Toradze continues to be acclaimed by press and public alike as "one of the greats of the new generation of pianists". Born in Tbilisi (Georgia, U.S.S.R.), Alexander attended the Paliash-Vili School of Music and Tbilisi Conservatory before entering the Moscow Conservatory in 1971. At the Moscow Conservatory his professors were Yahov Zak, Boris Zemlyansky and Lev Naumov. Encour-

aged by his composer father and film actress mother, Liana Asatiani, Alexander made his first professional public appearance at the age of nine and continued performing in recital and with orchestra throughout the U.S.S.R.

After winning the Silver Medal in the 1977 Van Cliburn International Competition, Alexander received international attention. He appeared throughout the United States in highly acclaimed recitals and concerts, and was the subject of a national PBS television documentary entitled "Lexo", the name his friends call him.

After defecting from his homeland, Russia, in 1983, Alexander moved to the United States. Since his dramatic arrival he has appeared with symphonies around the country including the Boston Symphony, the Dallas Symphony Orchestra and the New York Philharmonic.

NEWSPAPER IN EDUCATION MONTH

Old Colony's English Department has banded together to be a part of Newspaper in Education Month for March. By ordering class sets of the Standard-Times, instructors Nancy Castino, Deborah Herrmann, Gina Ciolfi, and Jo-Anne Canastra have created lessons to develop and improve reading and writing skills. Some class projects include editorial writing, creating advertisements, writing obituaries (with a funny slant) and news stories. All grade levels participated in this month-long celebration and certificates of recognition were distributed to students.

has recently purchased a hydraulic press, a Plasma Cutting Machine, and a Pittsburgh lock former. The hydraulic press will be used to test the welds on test plates. The new Plasma Cutting Machine will enhance the welding program because of its ability to cut metals that are hard to cut with a torch, and the lock-former will be used to put locks on sheets so that pieces can be joined together. All pieces of equipment were purchased through a Vocational Education Grant without cost to the school district. The equipment is valued at $10,000.00 and will assist the faculty in improving the skills of the Old Colony students.

STUDENT ADVISORY COUNCIL REPS ELECTED

As a result of a student body election held recently at Old Colony Regional Vocational Technical High School, two students have been chosen to represent the school at the Southeast Region Student Advisory Council. Elected to the Council were Victoria Camacho, a Mattapoisett resident, and Clifford J. Hedges, IV of Rochester. The two students will serve

announced that it is now accepting registrations for YMCA Camp Massasoit, summer day camp for boys and girls ages five through fifteen. Located on Mattapoisett Harbor, the day camp program offers swimming, sailing, waterskiing, archery, sports, crafts, tennis, ecology, volleyball, and special events. This year camp begins on Tuesday, July 5th, and ends on Friday, August 26th, with four two-week sessions to choose from. In addition, a special ninth week camp program will also be offered during the week of August 29th through September 2nd.

One of the highlights of the YMCA Camp Massasoit program has always been its aquatic programs. The camp utilizes the national YMCA's progressive swim program which incorporates innovative teaching techniques and emphasizes learning safety skills. In addition to daily swim instruction and recreational swimming, an excellent sailing and water skiing program is offered to the older, more experienced swimmer at camp.

YMCA Camp Massasoit is located on a beautiful thirty-acre site in Mattapoisett. There is over half-mile of shoreline and beaches, two freshwater swimming pools, two tennis courts, basketball courts, athletic fields, archery range, a fleet of over a dozen sailboats and motorboats, large house, three outdoor pavilions, snack bar and indoor program lodge.

the parents' and children's needs here at YMCA Camp Massasoit," explained Mark Gresens, Senior Program Director at the YMCA. "We realize that safety, small groups and individual attention to their children are important to parents, while children want an active, varied and fun camp program filled with activities."

Bus transportation is provided from eight different towns including New Bedford, Dartmouth, Fairhaven, Mattapoisett, Marion, Acushnet, Rochester and Wareham. The cost for YMCA Camp Massasoit is $110.00 for YMCA members and $125.00 for the general public for each two-week session. For more information or a special parent information booklet call the Greater New Bedford YMCA at 997-0734.

Peking Acrobats Return!

The Peking Acrobats, a 25-member acrobatic troupe from the People's Republic of China, will perform at Southeastern Massachusetts University at 8 p.m. April 5th in the Campus Center main auditorium.

Reserved seats are $6. for the general public, $5. for SMU staff, faculty and alumni, and $4. for SMU students with IDs. Tickets are available on a first come, first served basis at the Campus Center Box Office (995-8136) which is open weekdays 9:30 a.m. to 4:30 p.m. Last year's performance was sold out.

Although China's acrobatic tradition dates back over 2000 years, there is nothing staid or stodgy about this ancient folk art. A Seattle Times reviewer described a performance by the Peking Acrobats as "amazing---and stunning, and breathtaking and WOW!"

Tradition demands that each generation of acrobats add its own improvements and embellishments to this evolving art form. Each new movement or action added to the troupe's

Hal Holbrook as Mark Twain

Mark Twain will live again on the Zeiterion's stage when HAL HOLBROOK performs in "MARK TWAIN TONIGHT!" on Tuesday, April 12th, at 8:00 p.m. Other artists have impersonated Twain, but with Holbrook it's as though Twain was reincarnated..."a legendary theatrical venture". Tickets are priced at $26.00, $23.00 and $20.00 with a $2.00 discount for senior citizens and students. For more information on tickets and group packages, call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations.

This show was re-scheduled from its original date of November 7, 1987.

Beginning as an honors project at Denison University, Holbrook had been presenting his portrait of Mark Twain for over 30 years in more than 1,500 performances around the world. In his performance, he captures the many facets of Twain's complex personality from his witty sense of humor to his cynicism. Holbrook had cultivated over 12 hours of Twain material, and keeps adding to his material every year, changing it to fit the times.

We have BALLOONS!

Even though Mark Twain is his favorite role, Holbrook has played and continues to play other roles on the stage, and in film and television. He has been nominated for seven Emmy Awards, and has won three, for a wide range of television portrayals ranging from Twain to Pueblo Commander Lloyd Boucher; from a homosexual father in "That Certain Summer" to the nation's 16th president in "Sandburg's Lincoln"; and from the stage manager in "Our Town" to a role as a pioneer husband to Elizabeth Montgomery in the mini-series, "The Awakening Land".

But Twain - for which he won a Tony Award as best actor and a special Drama Critics Circle Award - has never been far from him. Holbrook has been touring "Mark Twain Tonight!" in some part of the country every year since 1954, and does not envision ever stopping. To protect from overexposure, he only performs him 15 to 20 times a year.

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford.

VUARNET®
FRANCE

The PX-2000 is perfect for driving, flying, or just sunbathing. The solid brown color of the lens nearly approximates the color sensitivity of the human eye. The lens is coated to absorb light striking it from behind. Light transmission: 18%.
The Vuarnet lens protects your eyes against 100% of all potentially harmful ultraviolet and infrared radiation.
The ultimate in protection and comfort.
